About Me

Over the past 2 years, I have specialized in developing web applications using .NET and Angular. During this time, I have made significant contributions to various projects, including a Career Recommendation System, a Learning Management System, and a Cloud Kitchen platform serving both B2B and B2C businesses. In these roles, I have been involved in the design and development processes, ensuring optimal performance and scalability across all systems. I aspire to contribute effectively to innovative projects that seamlessly integrate front-end elegance with back-end functionality.

Experience

Software Engineer, Enlight Solutions – Mirpur DOHS, Dhaka May 2023 – Present

- Develop and maintain full-stack web applications using Angular, .NET, and SQL. responsive front-end interfaces and real-time features with SignalR.
- Create and customize RDLC reports and ensure code quality with clean, scalable development.
- Collaborate in Agile workflows, including daily stand-ups and sprint planning.

Software Engineer -Intern, Enlight Solutions – Mirpur DOHS, Dhaka Feb 2023 – April 2023

- Contributed to web development using Angular and .NET Core.
- Gained experience in Agile workflows, including stand-ups and sprint planning.

Projects

Catalyzr – A People Management System Jan 2024 - Present

- Designed and developed a responsive user interface with Angular, ensuring accessibility across devices.
- Built back-end logic in .NET Core to manage assessments and provide career recommendations.
- Integrated PostgreSQL database to securely store user profiles, assessments, skills, and people-related data.

GKB -Ghost Kitchen Bangladesh Sep 2023 -Dec 2023

- Designed and implemented pages for managing brands, categories, goods, wastage, and returns.
- Created dashboards and detailed reports using RDLC and SQL for performance tracking and decision-making.

Lumens -Learning Management System Feb 2023 - Aug 2023

- Designed and developed key pages such as attend exam, quiz, blog, course landing, and bundle landing pages.
- Ensured responsive and user-friendly interfaces to enhance learner engagement.

Technical Skills

Frontend: Angular, HTML, CSS, Bootstrap, JavaScript, TypeScript

Backend: .NET Core, SignalR

Database: SQL, PostgreSQL

Reporting: RDLC Reporting

Version Control: GitLab

Deployment: AWS

Project Management Tools: Jira, GitLab Board

Concepts: Object-Oriented Programming (OOP), Scrum/Agile

Education

City University, Bangladesh, BSc in Computer Science and Engineering

Dec 2017 – Dec 2021

- CGPA: 3.63/4.00
